TECHNICAL SKILLS AND CERTIFICATIONS

Languages : JavaScript, Python, HTML, CSS, Java, C++, SQL

Frameworks : React.js, NextJS, Spring Boot

Dev Tools : Git, Linux, Visual Studio Code, IntelliJ IDEA

Certifications : [LPI Linux Essentials](#)

EXPERIENCE

Software Intern

Awe and Reverence

Jan 2021 - Jan 2022

Remote

- Designed and developed a company frontpage using HTML and CSS
- Used RegEx to implement text-based style encodings for a Bible search web app
- Implemented a tag filtering system for blog posts in a NextJS app
- Learned the basics of Linux, Git, React, NextJS, and Django
- Practiced effective web research when approaching programming tasks, debugging, and learning new tools

Latin Teacher's Assistant and Tutor

Classical Homeschool Day Academy / Independent

Sep 2023 -

Remote / In-person

- Led translation activities twice a week for groups of 3-6 middle school students
- Provided weekly one-on-one tutoring for 8 students over a span of 3 school years
- Learned how to explain high-level concepts simply and guide students to answers by asking questions

EDUCATION

Western Governors University

Bachelor of Science in Computer Science

Online

Expected degree completion Nov 2026

PROJECTS AND PUZZLES

[Fracture Reborn](#)

JS, HTML, CSS, WebGL

[GitHub](#)

- Designed a clean fractal-explorer user interface
- Designed a custom code generation pipeline to produce optimized fractal-rendering functions at runtime in JS and GLSL

[NNJS2](#)

JS, HTML

[GitHub](#)

- Designed a simple, customizable feed-forward neural network architecture
- Implemented interactive gradient-descent demonstrations using HTML and JS

[RL agent](#)

Python, Pytorch, Gymnasium, Pygame

[Assignment report](#)

- Designed a custom low-friction 2D environment with goal points
- Optimized an agent for the environment using REINFORCE with baseline and AdamW optimizers

[Project Euler](#)

Python

[GitHub](#)

- 200 problems solved; highest difficulty: Level 19/38 (#641 - A Long Row of Dice)
